Calculating the Mortgage Amount and 203(k) Calculator	<p>Purchase: The LTV is based on the lesser of the purchase price plus cost of renovation, minus any sales concessions or up to 110% (100% for condos) of the “As-Completed” value.</p> <p>Note: The loan amount may not exceed the sales price plus the actual cost of rehabilitation repairs and reasonable customary closing costs including the fees associated with the 203(k)</p> <p>Rate/Term Refinance:</p> <ul style="list-style-type: none"> • The LTV is determined by using the existing debt plus cost of renovation or the adjusted As-Is Value when the existing debt plus cost of renovation does not exceed the After Improved Value appraised value of the property. • Cash back to the borrower is not allowed, including zero incidental cash back. Principal curtailments are not allowed. <p>Existing Debt consists of:</p> <ul style="list-style-type: none"> • The unpaid principal balance of the first Mortgage as of the month prior to mortgage Disbursement. • The unpaid principal balance of any purchase money junior Mortgage as of the month prior to mortgage Disbursement. • The unpaid principal balance of any junior liens over 12 months old as of the date of mortgage Disbursement. If the balance or any portion of an equity line of credit in excess of \$1,000 was advanced within the past 12 months and was for purposes other than repairs and rehabilitation of the Property, that portion above and beyond \$1,000 of the line of credit is not eligible for inclusion in the new Mortgage. • Interest due on the existing Mortgage(s). • Mortgage Insurance Premium (MIP) due on existing Mortgage. • Any prepayment penalties assessed • Late charges, and • Escrow shortages <p>203(k) Calculator:</p> <ul style="list-style-type: none"> • The 203(k) Calculator within FHAC is used to calculate the Maximum Mortgage amount, LTV for MIP and the amount to establish the repair escrow. • A copy of the final 203(k) calculator worksheet is to be printed and retained in the loan file. • Information from the 203(k) Calculator is transferred to the HUD 92900-A. • The 92700 Maximum Mortgage Worksheet is required by the client to estimate loan amount and fees when submitting the file to Plaza. Plaza will transfer and finalize the figures from the 92700 to the 203(k) Calculator. Any subsequent changes must be reflected in the 203(k) Calculator in FHA Connection.
Change Orders	<p>The following must be pre-approved by Plaza:</p> <ul style="list-style-type: none"> • Changes made to the project, contractor or HUD Consultant. • Rehabilitation period extensions • Use of the Contingency fund. • Change Orders may not be accepted until a majority percentage of the project is complete. • For case numbers assigned on or after 11/4/2024, the consultant may charge \$120 per change order request and \$225 for re-inspection. <p>The borrower must pay for out of pocket any changes not covered by the financing or pre-approved. To request a change, submit to Plaza Customer Service/ Loan Servicing the Request for Acceptance of Changes in Approved Drawings and Specifications HUD-92577 for approval.</p>

Contingency Reserve	<p>The purpose of a contingency reserve is to cover required unforeseen repairs that are discovered during the renovation. The contingency reserve is a required renovation cost and is typically financed in the loan amount (Financed Contingency). Alternately, the borrower may bring funds to closing to fund the contingency reserve; however, any assets required to fund the contingency must be documented and verified above the amount required for down payment and reserves (Borrower Funded Contingency).</p> <ul style="list-style-type: none"> • The contingency is calculated as a percent of the cost of labor, materials, and soft costs. • A minimum of a 10% and maximum 20% contingency reserve is required. 15% minimum is required if the utilities are off, the home has been without utilities for an extended period of time, is uninhabitable or if there is water, mold or fire damage. • The contingency reserve may be released only if unforeseen required and necessary repairs are discovered during renovation. • If contingency reserve funds remain at the completion of renovation, they may be used for making improvements or repairs that are permanently affixed to the real property. Funds may not be used to purchase personal property. <ul style="list-style-type: none"> ○ All work described in the plans and specifications have been completed and the contingency reserve funds has been reduced by any items that arose related to the repairs ○ Any work paid from contingency funds must be approved by Plaza in advance, documented as completed and having improved the real property. ○ Documentation for completed work must include paid receipts from the borrower's own funds, and inspections of the additional work by the appraiser. • Unused Financed Contingency funds will be applied to the outstanding renovation mortgage balance once the renovation work has been completed and the certification of completion has been obtained. • Unused Borrower Funded Contingency funds will be refunded to the borrowers once the renovation work has been completed and the certification of completion has been obtained.
Contractor Requirements	<p>Contractor: The contractor is chosen by the borrower. However, Plaza must be able to determine that the contractor is qualified, properly registered (with local issuing authority) and experienced for the work being performed. HUD does not certify 203(k) contractors for home rehabilitation projects that are being financed with an FHA 203(k) loan.</p> <p>Plaza will verify the following required documentation to assist in making the determination that the contractor is qualified:</p> <ul style="list-style-type: none"> • License, bond, insurance (\$1MM min) (or local issuing authority requirements), and a current W9. • FHA Standard 203(k) or FHA Limited 203(k) Contractor Profile Report. Including demonstrated experience in renovation lending and a minimum of three references of similar work in cost and nature completed within the last 12 months. The Originator must also sign the Contractor Profile report stating the contractor's references have been verified. • Document a demonstrated financial ability to sustain projects • Plaza reserves the right to pull a background report on contractors • If mold abatement, lead-based paint abatement, or radon abatement, the contractor must be licensed under those specific trades. • The borrower is allowed up to three (3) sub-contractors on a Limited 203(k) and <u>one</u> General contractor on the Standard 203(k). • The borrower may not act as the General Contractor. "Self-Help" loans are not permitted for Standard 203(k) transactions. <p>Renovation Contract: Borrowers must have a renovation contract with their contractor and the contractor must agree to indemnify the borrower for all property losses or damages caused by its employees or sub-contractors. FHA 203(k) Homeowner/Contractor Agreement is a required form.</p> <p>Note: Specific federal requirements exist for contractors working on housing or child-occupied facilities built before 1978. Under these requirements, contractors need to complete training and obtain a Lead Based Paint Renovation license before they can bid on renovation projects involving pre-1978 housing and child-occupied facilities.</p>

HUD Consultant Fees:

- HUD nor the lender will be responsible to the HUD Consultant for fees owed by the borrower.
- HUD Consultant fees are based on the above HUD Consultant Fee Schedule.
- The fee(s) charged by the HUD Consultant can be included in the mortgage as a part of the cost of rehabilitation.
- For each draw request the lender is required to obtain a compliance inspection (Form-92051) stating that the work for that particular draw has been satisfactorily completed.
- Draw Inspection fees are subject to a HUD limit of \$350 for case numbers assigned prior to 11/4/2024 and \$375 for case numbers assigned on or after 11/4/2024.
- When travel exceeds 30 miles roundtrip, a mileage charge (established by the HUD Field Office) may be added.

Discount Points:

The discount is determined between the lender and the borrower on each loan and is not regulated by HUD. A portion of the total discount paid by the borrower can be financed and is included as part of the Total Rehabilitation Costs. The discount that may be financed (Discount Points on the Repair Costs) is equal to the number of discount points multiplied by the figure in Step 1.D.2.

Note: The number of discount points charged on the rehabilitation amount CANNOT be more than the number of discount points charged on the total loan, and must be equal to or less than the points that will be paid in cash.

The cash discount is the difference between the discount on the total loan, and the amount of discount being financed as discount on the rehabilitation. This is the cash that the borrower will bring to closing to pay for discount points. To calculate, multiply the number of discount points by the total loan amount and deduct the discount on the repairs where applicable.

The following examples will help properly calculate and display discount points, if applicable, on 203(k) transactions.

Example: On a \$100,000 loan with a sub total of \$25,000 (including total cost of repairs, contingency reserve, inspections fees, title update fees, mortgage payments escrowed, architectural and engineering fees, consultant fee, permits and other fees if applicable), the discount on the total loan is \$2,000 (2% of \$100,000). The portion that can be financed is \$500 or 2% of the sub total of \$25,000. The firm commitment should reflect the total loan discount. Regardless of whether or not any discount is financed, if 2% is charged on this loan, the total discount points, whether paid in cash or financed, cannot exceed \$2,000.

- When the seller has agreed to pay any portion of the total discount, multiply the amount of the discount on the loan times the Sales Contract Price.
- If the seller pays a financing concession to include discount points for both the sales price and rehabilitation costs of the dwelling, then the sales contract must be very clear and concise to assure that the seller completely understands the concession agreement.
- On HUD-owned properties, any amount HUD has agreed to pay towards the purchaser's closing and/or financing costs (Line 5 of the Sales Contract, form HUD-9548), applies only to the contract sales price and not to the total of the purchase price plus cost of rehabilitation.

Note:

- The discount points on the total loan (both financed and paid in cash) should be shown on the HUD Form 92900-A (HUD/VA Addendum to Loan Application), Pages 1 & 3.
- Any discount points paid in cash at closing should be shown on the FHA Loan Underwriting and Transmittal Summary (LT).

Credit	<p>Qualifying Credit Score:</p> <ul style="list-style-type: none"> • A tri-merge bureau is required on all loans • Qualifying score: <ul style="list-style-type: none"> ○ Where three scores are reported, the middle score is the qualifying score ○ Where two scores are reported, the lowest score is the qualifying score ○ Where only one score is reported, that score is the qualifying score • Where the Mortgage involves multiple Borrowers, the lowest qualifying score of all borrowers is used • Where the Mortgage involves multiple Borrowers and one or more of the Borrowers do not have a credit score (non-traditional or insufficient credit), the lowest qualifying score of the Borrower(s) with credit score(s) is used • At least one occupant borrower must have a credit score. Mortgages where one or more of the co-borrowers do not have a credit score are only eligible with AUS "Approve/Eligible" or "Accept/Eligible" recommendations. If a co-borrower does not have a credit score, feedback Certificates showing a Refer recommendation and requiring manual underwriting are not eligible. <p>Housing Payment History:</p> <ul style="list-style-type: none"> • The mortgage payment history may be deemed satisfactory when the mortgage credit rating is disclosed on the credit report, is evaluated by the AUS, and the loan receives an "Approve/Eligible" or "Accept/Eligible". When the housing payment history is not evaluated by an AUS, or for Refer/manually underwritten loans: <ul style="list-style-type: none"> ○ There may be no history of any 30-day late mortgage or rental payments within the last 12 months. ○ There may be no more than two 30-day late mortgage or rental payments in the previous 24 months. ○ The housing payment history must be documented by: <ul style="list-style-type: none"> ▪ The credit report; or ▪ VOR received directly from the landlord (for landlords with no Identity of Interest with the borrower); or ▪ VOM received directly from an institutional mortgage servicer; or ▪ Canceled checks that cover the most recent 12-month period. • Borrowers who are living rent free are eligible provided the Mortgagee obtains verification directly from the property owner that the borrower has been living rent-free and the amount of time the borrower has been living rent free. <p>Revolving and Installment Accounts - Manually Underwritten Loans:</p> <ul style="list-style-type: none"> • Installment Accounts must be no more than 0 x 30 in the last 12 months and 2 x 30 in the last 24 months. • Revolving Accounts must be no more than 2 x 60 or 0 x 90 in the last 12 months. <p>Non-traditional Credit - Manually Underwritten Loans:</p> <ul style="list-style-type: none"> • Manually underwritten loans require sufficient credit depth. To demonstrate sufficient credit depth, borrower credit on manually underwritten loans must fit into one of the following scenarios. Borrowers whose traditional credit does not meet one of the following scenarios must supplement their traditional credit with non-traditional credit. <ol style="list-style-type: none"> a. The borrower has three traditional trade lines that have been evaluated for at least 12 months. These trade lines do not need to be currently active but require some activity in the last 24 months. b. The borrower has two traditional trade lines that have been evaluated for at least 24 months and have had some activity in the last 24 months. c. The borrower has a traditional credit history of 5+ years and there are not any accounts with late payments or any collection accounts in the last 24 months. <p>Non-traditional trade lines may be considered in addition to traditional credit; however, it is not acceptable to base a credit decision solely off of non-traditional trade lines. Non-traditional trade lines can only be used to build on traditional credit.</p>
Down Payment / Gifts	<p>On purchase transactions the borrower must make a Minimum Required Investment (MRI) of 3.5% of the lesser of the appraised value or sales price plus rehabilitation costs. Refer to the 203(k) Calculator or the FHA Connect 203(k) Calculator for details. This amount is in addition to any borrower closing costs.</p>

Property Flips	Property Flipping Appraisal: An as-is appraisal must be obtained if needed to comply with the Property Flipping guidelines. If an as-is appraisal is obtained, then the Adjusted As-Is Value is the lesser of the purchase price or the as-is appraised value.
Purchase Timing	Plaza must be prepared to service the borrowers' first draw request which means Plaza must first purchase the 203(k) loan and board it onto our servicing system. In order to facilitate timely draw management, Plaza requires all 203(k) loans to be delivered in purchasable condition as soon as possible after closing and the loans should be purchased by Plaza no later than 45 days after the date the loan closes with the borrower. An exception will be required to purchase a loan greater than 45 days from closing and Plaza cannot guarantee that such exception will be granted. If a 203(k) loan is not delivered in purchasable condition no later than 20 days after closing (to be purchased within 45 days), Plaza reserves the right to deny purchasing the loan regardless if all other conditions could have been met greater than 30 days after closing Plaza will not purchase 203(k) loans where a draw has already been advanced to the borrower or contractor.
Qualified Opportunity Zones (QOZ)	Limited 203(k) mortgages of properties located in QOZs are eligible for increased rehabilitation costs, up to \$50,000 total, for the first 15,000 mortgages endorsed each year. All other Limited 203(k) guidelines and requirements apply. The case number assignment must identify the property is in an eligible QOZ and that the loan is eligible for increased rehabilitation cost. A list of QOZs is available through the Treasury Department's Community Development Financial Institutions Fund webpage. FHA Mortgagee Letter 2019-18 – Maximum Rehabilitation Costs in Qualified Opportunity Zones (QOZs) for Limited 203(k) Mortgages.
Qualifying Ratios	The maximum debt-to-income (DTI) ratio will be determined by the DU for Approve/Eligible findings. Manually underwritten loans with debt ratios exceeding 31/43 require compensating factors. Refer to the FHA Single Family Housing Policy Handbook 4000.1 .
Rehabilitation Period	<ul style="list-style-type: none"> • Case numbers assigned before 11/4/2024: Renovation work must be completed within 6 months after closing. • Case numbers assigned on or after 11/4/2024: <ul style="list-style-type: none"> ○ Limited 203(k): 9 months ○ Standard 203(k): 12 months • Consideration should be given to cold climate and weather-related delays that could impact the rehabilitation period. Borrower must provide adequate documentation to request rehabilitation extensions • Renovation work must begin within 30 days of closing. If work has not started within 30 days, stops for more than 30 consecutive days, or has not been completed within the established time frame or extended Plaza approved time frame, Plaza may consider the loan to be in default. • Renovation work extensions can be granted within the 6-month window; however, the extension can only be granted if the loan payments are current. • Plaza to approve in advance any work/project extensions.
Renovation Forms & Closing Documents	HUD standard loan instruments are used in addition to the required Renovation forms listed below. Models can be found on Plaza's and HUD's website.
