- If the loan being refinanced was in forbearance, the 6 months consecutive payments start post-forbearance

Refinance Net Tangible Benefit (NTB):

All refinances (Type I and Type II) must pass a NTB test and a NTB disclosure must be provided to the Veteran no later than the third business day after receiving the Veteran's loan application, and again at loan closing.

When the Veteran makes a request by email or letter to the original lender, the new lender should provide the Veteran their VA Lender ID number along with a lender point of contact's name, email address, and phone number for insertion in the email or letter.

Section 22 Borrower Loan Fees and Costs

Fees and Charges:

VA policy has evolved around the objective of helping the veteran to use his/her home loan benefit; therefore, VA regulations limit the fees that the veteran can pay to obtain a loan. For a list of eligible fees and charges refer to Plaza's [Veteran Borrower Paid Fees & Charges Policy](#).

Discount Points: Regardless of the amount of discount points the LTV/CLTV is capped at 90% for refinances.

Renovation Related Fees: Refer to [Maximum Renovation Related Fees](#)

Section 23 Calculating the Mortgage Amount

The lesser of the as-completed value or the acquisition cost is used when determining the maximum loan amount. On either a purchase or refinance, if the acquisition cost exceeds the as-completed value, the difference must be accounted for in documented borrower funds at closing. The loan amount is limited to eligible costs and cash back to the borrower is not allowed.

Purchase:

To determine the acquisition costs for a purchase, add the following: Contract sales price, total cost of alterations and repairs, contingency reserve, inspection fees, title update fees, and permits.

Refinance:

To determine the acquisition costs for a refinance, add the following: Existing loan payoff, total cost of alterations and repairs, contingency reserve, inspection fees, title update fees, and permits.

- Cash-out to the borrower at closing is not allowed; however, incidental cash-out at closing not to exceed the lesser of 1% of the loan amount or \$2,000 is allowed.
- At the completion of renovation any unused contingency reserve may be returned to the borrower or applied to the principal balance at the borrower's discretion.

Maximum Renovation Related Fees Allowed:

 - \$150.00 per interim inspection (maximum 2 inspections)
 - Final inspection fee per [VA Appraisal Fee Schedule](#) based on property location

- Permit fees: as required for permits
- Fees not listed above are ineligible to be included in the acquisition cost or to be financed

Plaza's [VA Renovation Maximum Mortgage Worksheet](#) must be complete on every loan.

Borrower Provided Materials:

Materials provided by the borrower may be allowed but cannot be financed in the loan amount.

- All materials provided by the borrower must be new from the manufacturer and be documented with paid invoices, and
- Source of funds to acquire the materials must be documented
- Borrower provided materials must be documented on the contractors bid as “borrower provided materials” (zero cost) labor must be provided by the contractor.

Section 24 Contingency Reserve

- Plaza requires a minimum of 10% and a maximum of 15% in contingency reserves for repair costs.
- If the utilities were not turned on at time of inspection, a minimum 15% contingency reserve is required.
- Contingency Funds may only be used to pay for the proposed repairs and improvements and any unforeseen items that may arise related to the repair.
- In a purchase any unused portion of the financed contingency reserve fund (that are not borrower’s direct funds) remaining when the Final Release Notice is issued must be applied to the mortgage principal.
- In a refinance, any unused contingency reserve funds may be returned to the borrower or applied to the principal balance at the discretion of the borrower.

Section 25 Draw Contingency Holdback

A 10% percent holdback is required on each release from the Rehabilitation Escrow Account.

The total of all holdbacks may be released only after the final inspection and issuance of the Final Release Notice is received from borrower, contractor and VA appraiser as applicable.

Section 26 Mortgage Payment Reserves

Not allowable.

Section 27 Identity of Interest

Identity of Interest and Non-Arm’s Length describe certain transactions that may pose increased risk and warrant additional precautions when evaluating that risk. An example would be a transaction where the borrower has a relationship or business affiliation (any ownership interest, or employment) with any builder, contractor, or seller of the property. Sales transactions between family members are permitted; no other instances of Identity of Interest or conflict of interest between parties are allowed.

Instructions to become a registered builder with VA can be found at https://www.benefits.va.gov/HOMELoANS/appraiser_cv_builder_info.asp. Borrowers are free to choose their builder or contractor, subject to Plaza verification that the builder or contractor is licensed, bonded, and insured according to all state and local requirements

Documentation must verify that a qualified general or specialized contractor has been hired and, by contract, has agreed to complete the work described in repair bid for the amount of the Cost Estimate and within the allotted time frame (up to 4 months). - The contractor must complete and return to Plaza the VA Renovation Contractor Profile Report.
- All contractors must be licensed as required by the state, county or locality of the subject property.

Section 36 Change Orders and Contingency Items

Borrowers are permitted to pay for change orders and upgrade out of pocket. Change orders/upgrades made after the appraisal cannot be financed into the new loan. Change orders must be approved, in advance, by the appraiser, to ensure there is no loss in value. The Veteran is allowed to pay an additional appraisal charge if change orders are requested. This additional appraisal charge may come out of available contingency reserve funds.

- Change order requests are not accepted until 50% of total repairs have been completed.
- A change order is required if there is a scope of work change, timing change or change to the contractor.
- Change Order Request (**Request for Acceptance of Changes in Approved Drawings and Specifications**) is prepared by the borrower, or builder, and submitted to Plaza, for acceptance.
- Work must be 100% completed on each change order item before release of any monies to the borrower, builder, or contractor.
- The contingency reserve cannot be used to pay for repairs that change the scope of the project.
